School Narrative

Dallas ISD's School for the Talented and Gifted, fondly known as TAG, is a nationally recognized public education program based on a liberal arts model. Our skilled professional staff serve motivated students in grades 9-12, encouraging excellence in all subjects and emphasizing college preparedness. Through courses across a variety of disciplines, students learn to work cooperatively and creatively to solve real-world problems, discover their talents and develop into well-rounded adults. At TAG, students join a family that enables them to grow alongside an impressive set of peers. Students are guided by skilled teachers who prepare them to thrive in college. At graduation, our students enter a distinguished alumni group pursuing careers as diverse as computer science, medicine, teaching, acting, social work, law, politics and business. The School for the Talented and Gifted admits approximately 65 freshmen each year, for a total enrollment of 261 students. This small, diverse student body is taught by a faculty with an average of 17 years of classroom experience, 63 percent of whom hold advanced degrees. Students are exposed to a number of unique educational opportunities and extracurricular activities, receive strong teacher and administrator support, and are inspired by a large network of international alumni across the world.
